Intersect Milestone Acceptance Form

In May, the Japan Community Hub continued to engage the local Cardano community through a series of initiatives.

We hosted three Intersect Town Halls via X Spaces on May 16, 23, and 30, providing regular updates and community-specific insights.
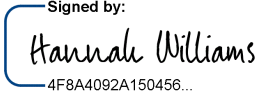

Additionally, on May 10, we organized an in-person meetup in Tokyo, featuring Mr. BTBF, founder of SPO JAPAN GUILD, a leading community of Japanese stake pool operators. The event began with an overview of Intersect presented by the Japan Hub Manager, followed by a technical session from Mr. BTBF on Cardano node operations. Approximately 36 participants attended, making it a meaningful opportunity for learning and connection.

To enhance community understanding, we translated and shared key updates—such as the launch of Intersect's new campaign site "A New Dawn" and announcements related to the Constitutional Committee election—on X and other platforms.

These activities were made possible through close collaboration with the Japan Hub Council. We appreciate the continued support of all members involved.

Milestone Acceptance Form Guidance:

Accepted By - this should be the person responsible for completing the Quality or Testing review, the person of suitable expertise to attest that the milestone has been completed. It should not be a person from the delivering organization.

Communication - the cardano ecosystem thrives due to open participation and membership. Intersect will announce deliverables and celebrate the success of its partners. Please provide a few words on how we can best articulate and share this milestone being completed.
